---

**MEDICAL WOMEN'S INTERNATIONAL ASSOCIATION**

**THEME OF THE 2016-2019 TRIENNIUM**

**“MEDICAL WOMEN: AMBASSADORS OF CHANGE”**

## I. MEDICAL WOMEN'S INTERNATIONAL ASSOCIATION

### 1. PRESIDENT'S MESSAGE

**Professor Dr. Dr. Bettina Pfeleiderer, Germany**

I just returned from Moscow where I attended the MWIA Central European Regional Meeting from the 23-26<sup>th</sup> of November. The MWIA executive was well represented by MWIA Secretary General, Dr. Shelley Ross, Vice President for Central Europe, Prof. Khatuna Kaladze, as well as MWIA President-elect, Dr. Clarissa Fabre. As theme for the congress "*The health of women and children in the Russian federation: the social and health aspects*" was chosen. It was the first time MWIA had a meeting in Russia and the Union of Medical Women of Russia is one of MWIA's newest members, too. The congress was very well organized by their president Prof. Olga Gonchorova with excellent speakers and discussions.

MWIA had also the opportunity to present its various activities and projects at a round table at the Russian parliament (Duma) and possible collaborations were discussed. The picture shows the international guests together with Prof. Olga Gonchorova (fourth from left) in the Duma.

It is my pleasure to inform you about our current MWIA activities since the congress in Vienna. To mention a few, last month, the chair of the *centennial publication subcommittee*, Dr. Helen Goodyear, had sent a template to all national associations asking for information about their association. This information will be included in our planned book, "100 years on 100 pages." Please send the template back as soon as possible and make our book an inspiring document as a showcase of our member associations. Thank you!

Also the MWIA working group on violence resumed their work on the online training module on violence (<https://mwiaviolencemanual.wordpress.com/>) in October. Currently we are working on teaching materials such as slides illustrating cases and categories; drafting factsheets on various topics e.g. on elder abuse and we are also designing a workshop using these materials. However, we are still in need for more cases- please send an e-mail to me if you are interested in submitting a new case: [president@mwia.net](mailto:president@mwia.net)

Moreover, all committees' chairs submitted work plans with timeframes to the MWIA executive for discussion and their input:

The various committees plan to work on

- an overhaul of our MWIA webpage and flyer
- the development of guidelines for running general assemblies and the resolution process more smoothly
- various centennial activities
- activities to increase MWIA membership
- projects related to gender medicine
- a questionnaire on sexual harassment of medical students and physicians to be sent out to our MWIA members soon
- the MWIA presidents "Friends of MWIA" program to be introduced to the membership soon

Since Christmas is coming soon, I wish you and your families – on behalf of the Medical Women's International Association - a peaceful and joyful Christmas season and a prosperous New Year 2017.

## **2. REQUESTS FROM THE SECRETARY- GENERAL**

**Dr. Shelley Ross, Canada**

Along with President Bettina Pfleiderer, President-elect Clarissa Fabre and Vice President for the Central European Region, I have just returned from a very successful Central European Regional Meeting of MWIA. The Russian Medical Women are to be congratulated for hosting such an interesting conference for the first time in Russia. Please see details later in the newsletter.

It is exciting to think that another of our national association members will be celebrating their 100<sup>th</sup> anniversary. The Medical Women's Federation of the UK will host their centennial from May 10-13, 2017 in London. Registration details can be found at <https://www.regonline.co.uk/builder/site/default.aspx?EventID=1857489>

The Commission on the Status of Women is being held at the United Nations in New York City March 12-24, 2017. The theme is "Women's economic empowerment in the changing world of work." Please let the Secretariat know if you wish to be registered.

Let me remind you that the **fiscal year** for MWIA is July 1<sup>st</sup> to June 30<sup>th</sup>. Dues notices were sent out in July. Thank you to those who have paid and to those who have not yet done so, we look forward to hearing from you at your earliest convenience.

**The website has a secure site for the National Coordinators.** Please contact the Secretariat for access information. Please note that MWIA's expectation is that information given to NCs and Presidents is to be shared with your members, including this newsletter.

Let me wish you and yours the best of the festive season and a wonderful healthy, happy 2017.

The Medical Women's International Association Executive 2016-2019

Front row left to right Kyung Ah Park, Clarissa Fabre, Bettina Pfleiderer, Shelley Ross

Back row left to right: Piyanetr Sikhu, Mabel Aboah, Padmini Murthy, Maite Sevillano, Cissy Yu, Khatuna Kaladze, Tuula Saarela, Antonella Vezzani (absent: Gail Beck)

#### **4. NEWS FROM AROUND THE REGIONS**

##### **Australia**

AFMW has established the Thank You Initiative to give their members a way to formally express their gratitude for the invaluable contributions of their mentors and teachers.

##### **Brazil**

**Dra. Maite Sevillano** reports that in this period the Paraná section of Brazil (we have an association in 2 states) was assumed Dr. Claudia Aguilar, and proactively has arranged our national congress in the city of Curitiba in 2017.

CONFEMEL joins associations, federations of the countries of Latin America and the Caribbean and from 2017 also Portugal and Spain. The new president is Brazilian, Dr. Jeancarlos. He was kind enough to visit me in the hospital and invited the Sao Paulo and Paraná sections to participate in the Confemel board, where we intend to discuss the role of women doctors in Latin America and the Caribbean. It will be helpful in contacting several countries, opening the possibility of having national medical associations joining MWIA.

With the support of our maximum authority in Sao Paulo, the regional council of medicine, we are developing a questionnaire that will collate the professional projects and colleagues involved.

With the support of the Brazilian Association of psychiatry, cardiology, rheumatology and immunology we are initiating our project on gender in medicine. We intend to launch a series of books with different specialties dealing with this topic and deliver to the Ministry of Health and education, and colleagues.

**Dr. Anna Maria Martits** goes on to report that in followup to the report in the September Update, I am pleased to report that the workshop on Gender Medicine and Endocrinology held during the Brazilian Congress of Endocrinology was a success. This was the first time this theme had appeared in an Endocrinology meeting and the directors of the Brazilian Endocrine Society, Dr Salles, Dr Castro and Dr Hohl, have invited us to organize similar workshops on Gender Medicine and Endocrinology for the next Meeting of the Brazilian Endocrine Society in São Paulo in May 2017 and for the next Brazilian Congress of Endocrinology in 2018. So the theme of Gender Medicine has settled on the agenda of the Brazilian Endocrine Society.

The ABMM (Brazil) has a department of Gender Medicine. Our main aim is to introduce Gender Medicine in the curriculum of medical schools in Brazil. This work begins with the presentation of the subject during the scientific meetings of different specialties. This already has been done in Clinical Pathology and Cardiology by Dr Marilene Mello and Dr Elizabeth Alexandre and now in Endocrinology by me. This was also my goal when I translated MWIA's Gender Mainstreaming Manual into Portuguese.

There is a very active WhatsApp group among the members of ABMM (Brazil) executive, allowing the exchange of important information. One of the results of this exchange helped to solve a serious discussion about wages between medical doctors of the city of Palmital and the municipal council of that city in the state of São Paulo.

News from our members:

Dr Nise Yamagushi, Professor of Clinical Oncology and director of ABMM Brazil, received “The Best of the Year” recognition from the municipal council of São Paulo for her important work in oncology.

Prof Ieda Verreschi, Professor of Endocrinology, and past member of the regional council of medicine of São Paulo, received a tribute for her huge contribution as director of UNIFESP (Federal University of São Paulo).

Dr Claudia Aguilar was elected director of ABMM –Parana State and is organizing the next congress of ABMM for 2017 in Curitiba, Parana.

Dr Fatima R.A. Alves, our president, is a professor of Otorhinolaryngology. This month she was judging a dissertation in her specialty at Santa Casa of São Paulo Medical School.

ABMM Brazil will be represented at the “Parlamentar Medical Front” by our directors Ana Regina Vlainich and Irene Abramovich.

On Nov 26<sup>th</sup>, Dr Helena Stivanin, our cultural director, organized a lecture about a famous Brazilian sculptor and architect of the 17<sup>th</sup> century “Aleijadinho- his art and his disease.” Dr Stivanin organizes an interesting cultural event this time every year.

Scientific meetings of ABMM Brazil planned for the first semester of 2017:

March: “Gender differences in pain”

April: Palliative care”

May: Corporate Compliance:- its meaning for women

June: HPV: Diagnosis and prevention

### **Canada**

The National Cervical Cancer Awareness Week, also known as the PAP (Prevention & Awareness Program), is a Federation of Medical Women of Canada (FMWC) initiative. FMWC has been working in partnership with the Society of Obstetricians and Gynecologists of Canada, as well as several other medical associations and provincial partners, to strengthen our campaign and to increase awareness and access to cervical cancer screening. This program was held in October, 2016.

### **India**

The National Conference of the Association of Medical Women India was held on October 15 and 16<sup>th</sup> in Nagpur and was well attended by national and international delegates. The theme was *Her Health- Nations Wealth*. The AMWI Mumbai Branch held the Sihrin Mehta poster competition for post graduate medical students and residents on December 3<sup>rd</sup>.

### **Italy**

In September, AIDM participated in Florence at the conference "Sustainability and opportunities in the health sector" with the theme, "Gender medicine as a component of equity and sustainability in the health system." In November, a new AIDM section was inaugurated in Turin with a conference entitled "Critical issues, inequalities and perspectives of women doctors today." During this period many Italian sections are organizing educational events on domestic violence.

## **Nigeria**

Aljazeera interviewed Dr. Eleanor Nwadinobi of the Medical Women's Association of Nigeria on the return of the Chibok girls.

<http://www.aljazeera.com/news/2016/10/nigeria-chibok-girls-tearful-reunion-families-161016174008963.html>

## **Panama**

The Medical Women's Association of Panama is putting the finishing touches on the congress of the Pan American Alianza/Latin American Regional Meeting, which will be held May 17-20, 2017.

## **Russia**

The MWIA Central European Regional Meeting was held from the 23-26<sup>th</sup> of November. It was a well organized and attended event. The MWIA executive was well represented by MWIA Secretary General, Dr. Shelley Ross, Vice President for Central Europe, Prof. Khatuna Kaladze, as well as MWIA President-elect, Dr. Clarissa Fabre. The theme of this meeting "*The health of women and children in the Russian federation: the social and health aspects.*" It was an historic event since in more than 95 years, it was the first time MWIA had a meeting in Russia and the Union of Medical Women of Russia is one of MWIA's newest members and an active one.

## **Thailand**

Clinical Professor Dr. Siraporn Sawasdivorn, Vice President of TMWA 2014-2016, was invited to attend WHO SEARO as Member of the Technical Advisory Group for Woman and Children's Health in The South East Asia Region (SEAR-TAG). The plan is to review newborn death rates and to collect a database of newborn birth defects. The meeting was held in Jakarta, Indonesia on August 9-11, 2016.

The 11<sup>th</sup> Asia Pacific Conference on Tobacco or Health was held on September 23-25, 2016, in Beijing, China. Professor Emeritus Dr. Khun Nanta Maranetra, TMWA President and Professor Dr. Somsri Pausawasdi, Honorary Advisor for TMWA, previously President of The Medical Association of Thailand, President of The Thai Health Professional Alliance against Tobacco and a group of Thai medical profession went to attend this conference.

Professor Dr. Somsri Pausawasdi also went to attend World Medical Association annual general assembly in Taipei on October 19-22, 2016.

The annual meeting of The Thai Medical Women's Association Under The Royal Patronage of Her Majesty The Queen (TMWA) held its annual meeting on October 9<sup>th</sup> with election of the new committees.

Professor Emeritus Dr. Khun Nanta Maranetra will be the President for another term, Major General Jantra Chennavasin, M.D.; Khun Swanya Dejudom, M.D. Vice President 1 & 2 respectively, Mayura Kusum, M.D. will be the secretary for another term.

TMWA leadership program was organized by Chamaree Chuapetcharasopon, M.D., past President of TMWA and past Vice President of Central Asia Region of MWIA and Sukajan Pongprapai, M.D. The first class was successfully completed with 17 students graduating. Asian Oceanian Society of Radiology (AOSOR) and Dr. Chamaree Chuapetcharasopon from Thailand

also hosted AOSOR 2<sup>nd</sup> Youth Club leadership training program for young radiologists selected from national societies of 10 countries at Chiang Mai, Thailand on November 17-20, 2016. TMWA in collaboration with the Thai Heart Foundation Under The Royal Patronage of His Majesty the King has trained over than 700 laymen to perform cardiopulmonary resuscitation. These include students, factory workers, running club, etc. and all of them became certified.

## **USA**

AMWA recently launched its exhibition Women Physicians in World War I which talks about the contributions of women physicians in America but also has links to resources we found on women physicians in other countries. This is an ongoing project so we would love to hear from other countries and link to any resources that they might have about the women physicians in their country. Visit

<https://www.amwa-doc.org/wwi-exhibition/>

AMWA members were active participants in the *Ensuring Consumer Access to Healthcare Conference*, held November 16<sup>th</sup> in Washington, DC.

Since November, AMWA is partnering with SafetyNest, a platform which offers a centralized hub for reproductive health care providers and pregnant women to engage, learn, track, and share content that is easy to access and highly relevant to their health and that of their children.

Dr Padmini Murthy, VP North America, represented AMWA and MWIA at the Association of Medical Women in India Meeting held in October in Nagpur, India.

Dr Eliza Chin, Executive Director of AMWA, met the Warriors in Pink at an event organized by Ford which is an initiative against breast cancer launched by Ford Motor Company in NYC in November.

The 102nd Anniversary annual meeting will be held in San Francisco, California, from March 30-April 2, 2017. Registration is now open at [www.amwa-doc.org](http://www.amwa-doc.org).

## **United Kingdom**

2017 will be an exciting time for the Medical Women's Federation as they celebrate their 100<sup>th</sup> anniversary. Please come and join the celebrations as the theme is 100 years of Medical Women: Past, Present and Future. Registration is now open at

<https://www.regonline.co.uk/builder/site/default.aspx?EventID=1857489>

For MWF members, the Dorothy Ward International Travel Fellowship is now open for entries, offering the chance for you to win £1000 towards your travelling expenses when visiting an overseas institution or research group.

## **5. REPORT FROM MWIA'S REPRESENTATIVES TO THE UN**

### **Dr. Satty Gill Keswani and Dr. Padmini Murthy**

Dr Murthy has been representing MWIA at various UN and NGO related events. She has been working on the upcoming CSW as a member of NGOCSW executive committee. Dr Murthy has been attending the DPI NGO briefings representing MWIA. In November, Dr Murthy was invited to be the lead discussant on the role of NGOs in promoting SDG 3 and SDG 5, which was organized by the DPI NGO Section. On December 1<sup>st</sup> Dr Murthy was invited to moderate a DPI NGO and UN AIDS Briefing, *Ending the AIDS Epidemic by 2030* in the Trusteeship council at the United Nations.

Partnering with Zonta International Dr Murthy was able to send 750 safe mother hood kits through Nobel Laureate Lemah Gowbee's foundation to Liberia.

Ms. Aishwarya Narasimhadevara has been attending several youth briefings as an appointed member of the DPI NGO Youth committee. In December, 2016, she is attending a conference on Human Rights in Colombo, Sri Lanka as a delegate/panelist representing MWIA.

Drs Keswani and Murthy have been working on the upcoming CSW parallel event for March, 2017.

## **6. CIOMS**

### **Dr. Christine Wieland, CIOMS Representative**

Dr. Wieland attended her first CIOMS meeting and reports that there are new statutes and the result of recent elections sees a woman as vice president. Dr. Wieland is sitting on the CIOMS board.

The purpose of CIOMS is - "to promote public health through international collaboration and coordination including, **but not limited to**, medical products safety and ethical principles governing the conduct of biomedical research involving human subjects."

Dr. Wieland has been asked if MWIA has ideas to form new working groups to focus on women and women's health.

## **7. Central European Regional Meeting**

### **Dr. Khatuna Kaladze, VP Central Asia**

The Central European Regional meeting of MWIA was held for the first time in the Russian Federation from November 23-25, 2016. The theme was Actual Medical and Social Problems in the field of Health Care of Women and Children. Many thanks go to Dr. Khatuna Kaladze, VP for Central Europe, and Dr. Olga Gonchorova, President of the Russian Medical Women's Association, for organizing such an interesting congress. The venue was the First Moscow State Medical University.

The MWIA executive was well represented by the President, President-elect, Secretary-General, and VP for Central Europe, all of whom participated in the scientific program.

Topics ranged from the history of gender and health to the development of GenderMed Wiki, based on Wikipedia to heart disease in women, paid parental leave on a woman physician's life, to morbid obesity, development of disease registries to morbid obesity.

The meeting began with a tour of the medical museum and the pediatric ward of the I.M. Sechenov First Moscow State Medical University of the Ministry of Healthcare of the Russian Federation. The actual congress was held in its Congress Centre, a state of the art facility.

The final day was a round table held at the Duma with the Deputy Speaker of the Duma conducting the session. The MWIA executive present each gave a presentation. An outcomes document is to be developed.

The meeting was very successful and the Russian Medical Women's Association can be proud of producing such an excellent congress the first time it was held in Russia.

6. Congratulations to **Wonca Women** on their new website on Gender Equity Standards Guidebook for WONCA Scientific meetings. [www.gesguidebook.com](http://www.gesguidebook.com)

### **III. ANNOUNCEMENTS**

The next Update will be published in March, 2017, the third in the new triennium. Please send us your reports, comments or any other interesting information by February 28, 2017, at the latest. We are always interested to put your name and your accomplishments in the Update. We are pleased to post the meeting information for your national association's annual meeting.

The executive of MWIA wishes you a wonderful festive season with family and friends and all the best of health and happiness for 2017!
