Thro' THE SECRETARY GENERAL

MEDICAL WOMEN INTERNATIONAL ASSOCIATION (MWIA)

Dear MWIA members and Young MWIA colleagues,

CALL FOR ACTIVITY UPDATES FOR yMWIA REPORT DUE DECEMBER-31-2018

Greetings from the yMWIA executives. We are happy to inform you all, that the executive of MWIA and yMWIA are planning a special meet-up event for all yMWIA colleagues during the centennial in New York City, July 25-28, 2019. In preparation of this festive event we would like to ask you for your help.

MWIA provides a global platform to share our scientific work but also our personal experiences while working on our careers. We hereby hope to inspire you and help you where possible.

In order to do so, we would love to hear from you and to share your work and experiences concerning the theme 'Ambassadors of Change' with us. Of course we will draft a formal report on activities as well, so, please do send us your activity photos together with a brief narrative. All individual and group submissions received, will be featured in the yMWIA report. This special report is expected to inspire young lady doctors as we share activities on our theme, 'AMBASSADORS OF CHANGE'.

And please don't forget to register for the centennial by using this link: <https://amwa-doc.org/mwia100>.
